RE: Amended Site Plan prepared for SNK Farms, NYS Route 9 (PB Appl. #100)

Dear Mr. Leonard and Honorable Board Members:

Attached are 13 copies each of the following documents our "Amended Site Plan prepared for SNK Farms, Inc.", last revised October 30, 2012

In response to recommendations made at the Planning Board meeting on October 18, 2012, and to recommendations made by the Board's consultants, we have revised the site plan as follows:

1. The drawing sheet title has been revised to note that this application is an "Amended Site Plan" and reference has been made to the 1994 "Amended Plan for Cold Spring Car Wash".
2. The length of the pedestrian crosswalk at the handicap parking area has been reduced. A 10ft. long wooden planter has been added to the site plan at the southerly end of this crosswalk. The crosswalk has been shortened to an overall length of approximately 25ft. Two-way advanced warning pedestrian signage has been added at this location.
3. In response to the concern regarding pedestrian circulation through the site, crosswalk demarcation has been added to the site plan to provide for a delineated pedestrian circulation route from the site's convenience store to the adjacent property to the south. Due to the fact that the existing curbing, located on the adjacent property, has a curb height along the north face of the curb of approximately 12 inches, the crosswalk has been delineated across the vehicular access point between the properties to allow for pedestrian passage from one property to the other.

Owners of the records of:

◆ Joseph S. Agnoli ◆ Barger & Hustis ◆ Burgess & Behr ◆ Roy Burgess ◆ Vincent Burruano ◆ Hudson Valley Engineering Company ◆ G. Radcliff Hustis ◆
◆ Peter R. Hustis ◆ J. Wilbur Irish ◆ James W. Irish, Jr. ◆ Douglas A. Merritt ◆ E.B. Moebus ◆ Reynolds & Chase ◆ General Jacob Schofield ◆
◆ Sidney Schofield ◆ Allan Smith ◆ Taconic Surveying and Engineering ◆ D. Walcutt ◆

Pedestrian circulation for oil change customers from the vehicle drop-off point in the oil change queue lane to the convenience store and to the adjacent property to the south has also been delineated on the site plan. Advance warning pedestrian crossing signs and paint symbols have been added at potential points of pedestrian/vehicular conflict.

4. A 10ft. by 40ft. off-street loading area for the convenience store is indicated on the site plan, north of the building. It is delineated with white pavement striping. A label has been added to the site plan. The designated loading area for the gasoline delivery vehicles has been identified on the site plan.

In his memo dated October 12, 2012, Mr. Gainer raises a concern regarding the adequacy of the existing on-site well and sanitary disposal system. The on-site well and sanitary disposal system have been in operation for many years prior to 1992. The car wash operation was discontinued, in part, because it was overtaxing the septic system. It did not overtax the well. Our client reports that since the car wash has been closed there have been no problems with the septic system or the well.

Our client also reports that it expects to increase its staff by two. Two additional staff members are expected to contribute approximately 30 gallons of water to the septic load per day. This relatively small increase is not expected to cause a system failure. However, because there is no documentation regarding the actual construction of the system, failure cannot be ruled out. We have explained this to our client and asked it to commit to a prompt repair of the system should it fail. Toward that end our client has provided the attached letter.

We look forward to presenting the modified plan at the next Planning Board meeting scheduled for November 15, 2012. We are hopeful that a decision can be made to adopt the resolution for the approval of the amended site plan at the meeting.

As always, thank you for your concern for and attention to this application.

Yours truly,
BADEY & WATSON,
Surveying & Engineering, P.C.

RE: 3188 Route 9 Septic System

Dear Mr. Watson,

This letter answers your questions about the septic system on the property at 3188 Route 9, Cold Spring, New York.

We have no record of the actual construction of the septic system.
The carwash was closed because it was too much for the septic system to handle. To keep it working, we had to have it pumped out too much.

There have been no problems with the septic system since we closed the carwash.
We expect to add two employees to the staff when the repair facility opens.

If we ever encounter problems with the septic system, we will attend to it immediately.
We understand that any repair to the septic system requires a permit from the Health Department.

Sincerely,

Syed Kirmani
President

RE: Application for Amended Site plan for Cold Spring Fuel Corp. (Pidala Oil Co. Inc.), (PB Appl.#101)

Dear Mr. Leonard and Honorable Board Members:

Attached are 13 copies each of the following documents:

1. "Amended Site Plan prepared for Cold Spring Fuel Corp." last revised October 30, 2012
2. Letter from Pidala Fuel Co. Inc., dated October 25, 2012

The site plan has been modified to correct the sheet title, as requested by AKRF, Inc. Specifically the drawing title has been revised to indicate that this application is an "Amended Site Plan" and reference has been made to the 2003 Site Plan.

In Mr. Gainer's memo dated October 12, 2012, he questions whether the new tank installations will require any increased occupancy/staffing at the site that could cause the adequacy of the on-site well and sanitary disposal systems to be of concern. Cold Spring Fuel Corp. has indicated that it does not expect an increase in staffing due to the new tank installation. Cold Spring Fuel Corp. has also indicated that the on-site well and sanitary disposal system currently provide adequate service. For this reason, we see no need to be concerned about over-taxing these systems. Please see the attached Letter from Cold Spring Fuel Corp. regarding expected staffing.

We look forward to presenting the modified plan at the next Planning Board meeting scheduled for November 15, 2012, after which we are hopeful that a decision can be made to adopt the resolution approving the amended site plan.

As always, thank you for your concern for and attention to this application.

Yours truly,
BADEY & WATSON,
Surveying & Engineering, P.C.

Re: Cold Spring Fuel – Propane Storage Tank

Dear Members of the Board,

This letter is to inform you that with the approval of the new propane storage tank, no additional employees will added and therefore no additional usage will be put on the existing septic system. Under normal circumstances, most of the present employees are out of the building for the majority of the day, arriving in the morning and returning at the end of the day.

Sincerely,

James Pidala

APPLICATION FOR APPROVAL OF SUBDIVISION PLAT

Tax Map No. 17.-1-76.11

The undersigned hereby make application to the Planning Board of the Town of Philipstown under Part-One Subdivision Regulations for one of the following (check one):

- ☐ for approval of a Preliminary Plat;
- ☐ for approval of a Final Plat;
- ☒ for approval of a Minor Subdivision as a Final Plat; or
- ☐ for revision of a previously Filed Plat.

For Office Use Only

1.	Application # _____
2.	Fee _____
3.	Rec'd by _____
4.	Date _____

I. Identification of Applicant and Owner:

a. Applicant (name) Lyons Realty Company Tel. 845-265-2189

address 3175 Route 9

Cold Spring, New York 10516

b. Owner of property if not same as Applicant:

(name) Same as Applicant

Tel. _____

address _____

II. Attachments: Each of the following, when applicable, shall be attached to and are made a part of this Application (check the items attached):

- ☒ A- 1 Affidavit of Ownership, executed by the individual, or by the general partner of a partnership, that is the owner of property if not same as the Applicant; OR
- ☐ A-2 Affidavit of Ownership, executed by a corporation that is the owner of property if not same as the applicant.
- ☒ Appendix B- 1 certification executed by the Applicant if the Applicant is a partnership, corporation, association or business trust.

II Attachments: (cont.)

- ☐ Appendix B-2 certification executed by the owner of property if the owner is a partnership, corporation, association or business trust
- ☒ Appendix C Disclosure Statement under Sec. 809 of the General Municipal law.
- ☒ Appendix D Identification of Property and Proposal.
- ☒ Appendix E Identification of Plans and Documents.
- ☒ EAF - Environmental Assessment Form
- ☒ Application Checklist
- ☐ Request for a Waiver of Subdivision Regulations

III. Authorization: The Applicant and Owner hereby grant to the Planning Board, the Town Board and Superintendent of Highways, and their authorized agents, permission to enter upon the property that is the subject of this Application for the purpose of inspection and enforcement of the Subdivision Regulations, including the taking of tests and materials samples:

IV. Endorsements:

TOWN OF PHILIPSTOWN, NEW YORK
DISCLOSURE STATEMENT ACCOMPANYING APPLICATION OR PETITION

A. Identification of Application or Petition:

1. To: ☐ Philipstown Town Board
 ☒ Philipstown Planning Board
 ☐ Zoning Board of Appeals
 ☐ Zoning Administration Officer/Building Inspector
2. NAME OF APPLICANT: Lyons Realty Company
3. RESIDENCE: 3175 Route 9, Cold Spring, New York 10516
4. DATE: 11-1-12
5. NATURE OF APPLICATION OR PETITION: Application for Approval of a 2 Lot Subdivision

B. Nature and Extent of Interest of any State Officer or Municipal Officer or Employee in this Application (Set forth in detail).

N/A

C. Statement that no State Officer or Municipal Officer or Employee has an interest in this Application.

The undersigned Applicant or Petitioner certifies by signature on this Disclosure Statement that, with the exception of the information contained in Paragraph B, above in accordance with the provisions of Sec. 809 of the General Municipal Law, no State officer or any officer or employee of the Town of Philipstown or of any municipality of which the Town is a part has any interest in the person, partnership or association making the above application, petition or request.

Date: 11/1/12 Signed: 

(Note: See reverse for the provisions of Sec. 809)

APPENDIX D: IDENTIFICATION OF PROPERTY AND PROPOSAL

D-1. Property

- a. Total acres 136.909
- b. Does application cover all contiguous land of the owner? Yes
If no, explain an excluded area _____
- c. Tax Map: Sheet 17. Block 1 Parcel (s) 76.11
- d. Last deed: Date August 8, 1991 Liber 1132 Page 215

D-2 Location:

- a. Zoning District(s) (M) Industrial/Manufacturing, (RR) Rural Residential & (SMO) Soil Mining Overlay District
- b. Property abuts (streets or roads) East Mountain Road South & Route 9
- c. Municipal Districts encompassing all or part of property:
School: Haldane Central School District
Fire Protection: North Highlands Fire Department
Other: _____
- d. Does plat propose a new street or private way connecting directly into any State Highway or County Road? No If yes, give name and route # _____
- e. Does plat involve drainage lines connecting directly into any channel lines established by the County of Putnam? No
- f. _____
- g. Does plat include any land within 500 feet of any abutting municipality, the boundary of any existing or proposed County or State park or recreation area, the right-of-way of any existing or proposed County or State highway, the existing or proposed right-of-way or stream channel owned by the County and for which channel lines have been established, or the boundary of County or State land on which a public building or institution is established? Yes
If yes, specify Property abuts Route 9
- h. Give name and address of all property owners within 500 feet of the perimeter boundary of the proposed plat (as indicated in the current Town Tax Assessor's records): See Attached List

D-3. Proposal:

- a. Number of Proposed Lots: 2, number already occupied by dwellings, if any: N/A
- b. Length of Proposed streets or private ways in Plat: N/A feet.
- c. Does Applicant proposed to dedicate to public use all of the streets shown on the proposed plat? N/A, if not, describe Single Family Residence with Private Driveway Proposed
- d. Approximate acreage of land proposed as open space for parks and playground: 0 acres.
- e. Does applicant propose to dedicate to public use all of the open space shown on the Proposed plat? No, if not, describe Private Single Family Residence with Private Driveway is Proposed
- f. How is water supply to be provided? Private Well Has any application been made to the County of Putnam or State of New York for approval of proposed water supply? Yes, if yes, give date and describe Preliminary Application Submitted
- g. How is sewage disposal to be provided? Private Sewage Disposal System Has any application been made to the County of Putnam or State of New York for sewage discharge or approval of a sewage disposal system? Yes, if yes, give date and describe Preliminary Application Submitted and Soil Testing Witnessed by Putnam County Health Department Representative on 10-18-12
- i. Does proposed plat include any wetlands and/or water courses as defined by the State of New York or an applicable Local Law? YES if yes, describe Clove Creek and New York State Wetland WP17

D-4 Procedures:

- a. Does applicant (in the case of preliminary plats) propose to submit a final subdivision Plat to cover entire preliminary plat or to file same in sections?
[X] entire
[] in sections.
- b. Does applicant intend to request any special authorization for the plat under any of the following? No If yes, specify,
[] Sec 281 of Town Law (cluster)
[] Waiver of Subdivision Regulation (Sec. 5)
[] Alternate road standards

D-5. Encumbrances: If property is subject to any of the following encumbrances,
Describe or attach copies:

- a. easements Yes. Please See Attached

- b. deed restrictions on use and development None

- c. mortgages None

- d. liens None

- e. leases None

- f. other None

D-6. Minor Plat: If request is made for acceptance of an application for final, approval of minor subdivision plat, complete the following:

- a. Does plat incorporate all of the tract from which lots are proposed to be divided? Yes
- b. Does the plat map show all natural water courses, ponds, swamps, flood plains or other land subject to potential flooding within the plat and any other land subject of potential flooding within the plat and any drainage onto the plat from any existing State Highway, County Road or Town Street? Yes

LIBER 1804 PAGE 334

Agreement made this 17 day of May, 2008 between

LYONS REALTY COMPANY, a New York Partnership having its office at
c/o Harold Lyons & Sons, Inc., 3175 Route 9, Cold Spring, New York 10516,
herein designated as : "LYONS"; and

RODNEY WEBER, residing at 65 Nassau Street #7A, New York, New
York 10038, herein designated as "WEBER";

WITNESSETH:

WHEREAS, LYONS acquired property in the Town of Philipstown by Deed
from Ellison dated August 8, 1991 and recorded in Putnam County Clerk's Liber
1132 at page 215 on August 9, 1991; and

WHEREAS, WEBER acquired property in the Town of Philipstown
adjoining the LYONS property by Deed dated October 15, 2007 and recorded in
Putnam County Clerk's Liber 1798 at page 453 on March 11, 2008, which
WEBER premises is the major portion of parcel C and a small portion of Parcel A
shown on Putnam County Clerk's Filed Map No. 2513; and

WHEREAS, the property acquired by LYONS in said Deed recorded in
Liber 1132 at page 215 originally included all of Parcel A shown on Putnam
County Clerk's Filed Map No. 2513, which Parcel A had frontage on Horton
Road, and as a result of a sale LYONS retained the major portion of Parcel A
shown on Filed Map No. 2513; and

WHEREAS, Parcels B and C shown on said Map No. 2513 were owned
by Ellison; and

WHEREAS, at the time of the acquisition of Parcel A by Lyons, Parcel C

LIBER 1804 PAGE 335

did not have frontage on Horton Road; and

WHEREAS, a portion of said Parcel A divided Parcel B from Parcel C as shown on said Map 2513, and to allow Parcel B and Parcel C to have access to each other over said portion of Parcel A, the Deed from Ellison to LYONS in Liber 1132 at page 215 reserved an Easement to Ellison described on "Schedule B/C Crossover Easement" in said Deed, which Easement was "for ingress and egress in common with others between the premises described on Schedule Parcel B and Schedule Parcel C over the premises described on Schedule B/C Crossover Easement...", which Easement was never intended to be used as access to Horton Road, but only for access between Parcel B and Parcel C; and

WHEREAS, the Northeasterly terminus of Horton Road has since been re-located and is described in a Deed from Lyons Realty Company to the Town of Philipstown dated January 6, 2006 and recorded in Putnam County Clerk's Liber 1738 at page 301 on March 24, 2006; and

WHEREAS, the area described as "Schedule B/C Crossover Easement" now has frontage on the re-located Northeasterly terminus of Horton Road; and

WHEREAS, WEBER has requested permission from LYONS to use said Easement area for access to and from one (1) lot on his premises described in Liber 1798 at page 453 to Horton Road, and LYONS has agreed to this limited use;

NOW, THEREFORE, in consideration of One (\$1.00) Dollar paid by each of the Parties to the other, receipt of which is hereby acknowledged, and the

LIBER 1804 PAGE 336

promises and agreements contained herein, the Parties hereby agree as follows:

1. LYONS hereby grants to WEBER an Easement for ingress, egress, and for above and underground utilities, to and from his premises described in Liber 1798 at page 453 and Horton Road, over the area described on "Schedule B/C Crossover Easement", said Easement, however, to be limited to ordinary vehicle and pedestrian access and utilities for one (1) lot only on said premises now owned by WEBER.

2. WEBER agrees that said Easement to and from Horton Road over the area described on "Schedule B/C Crossover Easement" is limited to serving only one (1) lot on his premises described in Liber 1798 at page 453.

3. Any required approval of such access to said WEBER premises from the Town of Philipstown or otherwise is the sole responsibility of WEBER.

4. Anything In this Agreement to the contrary notwithstanding, LYONS may seek approval of access to its said remaining premises from the Town of Philipstown or otherwise, and in doing so LYONS may seek or reserve approval for WEBER'S access.

5. Neither LYONS nor WEBER shall seek any approval or do any other act inconsistent with WEBER being entitled to access for one (1), but only one (1), lot on his said premises. The Parties agree to cooperate with each other to fulfill the provisions of this Agreement.

6. The Parties agree that the premises of LYONS shall continue to have the following rights as originally described in Deed from ELLISON to LYONS in Liber 1132 at page 215, and the rights granted to WEBER herein are subject to

LIBER 1804 PAGE 337

same:

(B) ...GRANTING to the owner of Schedule Parcel A the right to grant, create and convey other rights of way and easements for the same, similar or other purposes over the premises described on Schedule B/C Crossover Easement, and Granting to the owner of Schedule Parcel A the right to convey, offer and/or dedicate all or part of said Schedule B/C Crossover Easement as a public road to a Municipality or any governmental entity, authority, agency or body, including but not limited to the Town of Philipstown, the County of Putnam, and/or the State of New York, and upon acceptance of same as a public road this easement for ingress and egress shall cease and terminate over that portion of the Schedule B/C Crossover Easement so dedicated and accepted.

7. The Parties agree this Agreement shall run with the land, and shall bind the Parties hereto, their heirs, administrators, executors, successors and assigns.

IN WITNESS WHEREOF the undersigned have signed this Agreement as of the date first above written.

**DESCRIPTION OF PROPERTY
prepared for
LYONS REALTY COMPANY
(Horton Road widening strip)**

ALL that certain parcel of land situate in the Town of Philipstown, County of Putnam and State of New York that:

- is a portion of ^{Schedule} Parcel A of those lands that were heretofore conveyed by Joan Ellison to Lyons Realty Company by that certain deed dated August 8, 1991 and recorded in the Putnam County Clerk's Liber 1132 of deeds at page 215;
- is a portion of Parcel A shown on that certain "Survey of Property prepared for The Estate of Catherine I. Ulmar ...," which was filed in the Putnam County Clerk's office on August 9, 1991 as Map No. 2513;
- contains the entirety of those lands for which Lyons Realty Company reserved the right to "convey, offer and/or dedicate ... to the Town of Philipstown ..." in that certain deed to Albert A. Pope dated September 11, 1997 and recorded in the Putnam County Clerk's Liber 1400 of deeds at page 185; and
- is bounded and described as follows:

BEGINNING at the point on the southeasterly line of Horton Road where it is met by the line dividing Parcel A as shown on said Filed Map No. 2513 on the northeast; from lands formerly of Koczko, formerly of Pielmeier and now or formerly of the Hudson Highlands Land Trust, Inc., on the southwest, which point is designated "Point G" on Filed Map No. 2513, and which point occupies coordinate position

N 538933.54 (y)
E 616668.87 (x)

of the New York Coordinate System, East Zone.

THENCE from the said point of beginning northeasterly along the southeasterly and southerly lines of Horton Road as shown on Filed Map No. 2513, the following courses:

N 39°04'45" E 165.29 feet
N 72°45'12" E 239.69 feet
S 74°13'00" E 319.89 feet
N 87°26'20" E 60.02 feet
N 50°26'38" E 199.17 feet and
N 70°48'13" E 72.26 feet

to a point that is the southeasterly end of the present northeasterly terminus of Horton Road and at the line of Parcel B on Filed Map No. 2513, which point is designated on said Filed Map No. 2513 as "Point H" and which point occupies coordinate position

N 539199.18 (y)
E 617591.57 (x)

of the New York State Coordinate System, East Zone.

Thence along the line of said Parcel B and continuing through said Parcel A

S 24°00'50" E 93.13 feet

to a point at the northerly line of the lands so conveyed to Pope and subsequently conveyed by Pope to Glenn D. Lowry and Susan Lowry by that certain deed dated September 11, 1997 and recorded in the Putnam County Clerk's Liber 1400 of deeds at page 195. Thence along the said Lowry lands and continuing through them and continuing further through lands so conveyed to Pope and subsequently conveyed by Pope to Glenn D. Lowry and Susan Lowry by that certain deed dated October 1, 1999, and recorded in the Putnam County Clerk's Liber 1491 of deeds at page 155, the following, first westerly on a non-tangent curve to the right, the center of which bears N24°00'50"W, the central angle of which is 2°30'50", the radius of which is 575.00 feet for 25.23 feet, then

S 68°30'00" W 178.10 feet

then on a tangent curve to the right, the central angle of which is 37°17'00", the radius of which is 225.00 feet for 146.41 feet, then

N 74°13'00" W 254.29 feet

then on a tangent curve to the left, the central angle of which is 33°01'47", the radius of which is 175.00 feet for 100.88 feet, then

S 72°45'12" W 122.89 feet

then on a tangent curve to the left, the central angle of which is 33°40'27", the radius of which is 175.00 feet for 102.85 feet and then

S 39°04'45" W 105.67 feet

to a point at the line of lands formerly of Koczko, formerly of Pielmeier and now or formerly of the Hudson Highlands Land Trust, Inc. Thence along the said Hudson Highlands Land Trust lands

N 60°20'34" W 18.23 feet

to the point or place of beginning, containing 33,600 square feet, more or less.

SCHEDULE A (continued)

Said premises is conveyed to the Town of Philipstown for highway purposes; street purposes, and all related public municipal uses, including but not limited to utilities, telephone, telegraph, cable television, electricity, gas, water, wires, conduits, poles and accessories, grading, sight purposes and/or drainage purposes, either above or underground, together with the right to maintain, repair, alter or replace same.

TOGETHER WITH a STORMWATER DRAINAGE EASEMENT in common with the Grantor, its heirs, successors and assigns, over a portion of Parcel B on said Filed Map No. 2513, so conveyed to it by Joan Ellison by the said deed in Putnam County Clerk's Liber 1132 of deeds at page 215 that is described below, for the purposes of carrying surface water to the lake or pond shown on the aforesaid Filed Map No. 2513 and discharging same therein. Together with the right to install within the area of said STORMWATER DRAINAGE EASEMENT catch basins, detention facilities, dry wells, drainage lines, pipes and other appurtenances for the purposes of carrying said surface water drainage. Together with the right of access over the area of said STORMWATER DRAINAGE EASEMENT for the purposes of making reasonable and routine inspections, to install, maintain, clean, operate, use, repair, remove, replace and reconstruct the aforesaid catch basins, detention facilities, dry wells, drainage lines, pipes and other appurtenances within said easement area. The STORMWATER DRAINAGE EASEMENT is granted subject to the limitations set forth in the said deed from Ellison to Lyons Realty Company recorded in the Putnam County Clerk's Liber 1132 of deeds at page 215. Said limitations provide this EASEMENT is for "the purposes of carrying surface water collected on the premises described in SCHEDULE PARCEL A" therein. As states above, the premises described above is a part of the premises described in said SCHEDULE PARCEL A. The area of said STORMWATER DRAINAGE EASEMENT is bounded and described as follows:

BEGINNING at the point on the northwesterly line of Horton Road that occupies coordinate position

RE: Application of E. Polhemus Enterprise, LLC - Submission of Revised Materials

Dear Mr. Leonard and Honorable Board Members:

We submit herewith 13 copies each of the following materials:

- ☐ Site Plan for E. Polhemus Enterprise, LLC, 3 sheets, last revised November 1, 2012, and
- ☐ Drainage calculations demonstrating adequacy of sediment trap.

The site plan has been revised in response to comments contained in Mr. Gainer's memo dated October 12, 2012. Specifically, notes concerning equipment and personnel on site and hours of operation have been added to the plan.

The attached drainage calculations demonstrate two things. First, that the drainage conditions will be improved primarily due to the increase in vegetated cover that will result when the plan is complete. Second, that the volume of the sediment trap is adequate for the area it is intended serve.

Please place this matter on the agenda for the November 15, 2012, meeting of the Planning Board, at which time we are hopeful that the matter will be brought to a satisfactory conclusion. As always, thank you for your attention to and concern for this project.

Yours truly,
BADEY & WATSON,
Surveying & Engineering, P.C.

DRAINAGE ANALYSIS
based on
COVER TYPE & HYDROLOGIC CONDITION
prepared for
E. Polhemus Enterprise, LLC
prepared by
BADEY & WATSON, *Surveying and Engineering, P.C.*

PRE-DEVELOPMENT (AREA TO POST- TRENCH)				
Cover Type	H.S.G.	Curve Number	Area (square feet)	Product
Impervious Area	-	98	1,095	107,310
Woods-grass combination, good	B	58	4,669	270,802
Surface mine, graded spoils	-	84	24,044	2,019,696
Surface mine, vegetated spoils	-	75	-	-
Total:			29,808	2,397,808
Weighted Curve Number:			-	80.4

POST-DEVELOPMENT AREA TO TRENCH				
Cover Type	H.S.G.	Curve Number	Area (square feet)	Product
Impervious Area	-	98	1,623	159,054
Woods-grass combination, good	B	58	4,012	232,696
Surface mine, graded spoils	-	84	19,354	1,625,736
Surface mine, vegetated spoils	-	75	4,819	361,425
Total:			29,808	2,378,911
Weighted Curve Number:			-	79.8

PRE-DEVELOPMENT (AREA TO POST- BASIN)				
Cover Type	H.S.G.	Curve Number	Area (square feet)	Product
Impervious Area	-	98	-	-
Woods-grass combination, good	B	58	5,659	328,222
Surface mine, graded spoils	-	84	48,113	4,041,492
Surface mine, vegetated spoils	-	75	-	-
Total:			53,772	4,369,714
Weighted Curve Number:			-	81.3

POST-DEVELOPMENT AREA TO BASIN				
Cover Type	H.S.G.	Curve Number	Area (square feet)	Product
Impervious Area	-	98	-	-
Woods-grass combination, good	B	58	5,212	302,296
Surface mine, graded spoils	-	84	35,087	2,947,308
Surface mine, vegetated spoils	-	75	13,473	1,010,475
Total:			53,772	4,260,079
Weighted Curve Number:			-	79.2

Generally, the decrease in the Curve Number (CN) from the Pre- to Post-Development Condition is attributed to the fact that vegetation and landscaping is being proposed. As the CN is decreasing, the runoff depth will also decrease for the same selected Rainfall Amount. While the runoff depth will decrease, there will still in fact be runoff. As such, an infiltration trench and infiltration basin has been proposed to collect stormwater runoff to the extent practical.

Basin as a Sediment Trap

Drainage Area Contributing to Basin => 53,722 sf = 1.234 acres

$\text{Vol}_{\text{trap}} = 3,600 \text{ cubic feet per acre} = 3,600 \times 1.234 = 4,442 \text{ cubic feet required.}$

VOLUME OF BASIN (AVERAGE END METHOD)		
Elevation	Area (square feet)	Volume (cubic feet)
323.9	2,330	-
323	1,890	1,899
322	1,569	1,730
232.1	1,302	1,292
Total:		4,921

Therefore, the proposed basin has adequate volume to function as a sediment trap.

TO: Town of Philipstown Planning Board DATE: October 12, 2012
FROM: Ronald J. Gainer, PE SUBJ: Graymoor - New Friary; Old West Point Road

Project Scope: Proposed Site Plan
Zoning District: Institutional Conservation (IC)

We have reviewed the following materials submitted on the above referenced Site Plan application:

Prepared by Badey & Watson Surveying and Engineering, PC

- Sheet 1 "New Friary at Graymoor – Survey of Property "; dated October 4, 2012
- Sheet 2 "New Friary at Graymoor – Existing Conditions"; dated October 4, 2012
- Sheet 3 "New Friary at Graymoor – Demolition Plan"; dated October 4, 2012
- Sheet 4 "New Friary at Graymoor – Layout and Materials Plan"; dated October 4, 2012
- Sheet 5 "New Friary at Graymoor – Grading and Drainage"; dated October 4, 2012
- Sheet 6 "New Friary at Graymoor – Erosion Control Plan"; dated October 4, 2012
- Sheet 7 "New Friary at Graymoor – Planting Plan"; dated October 4, 2012
- Sheet 8 "New Friary at Graymoor – Utility Details"; dated October 4, 2012
- Sheet 9 "New Friary at Graymoor – Site Details"; dated October 4, 2012

Prepared by Alfandre Architecture, PC

- A1 "New Friary – Entry Level, Section & Site Plan"; dated October 2, 2012
- A2 "New Friary – Mechanical & Health Center Level"; dated October 2, 2012
- A3 "New Friary – First Residential Floor"; dated October 2, 2012
- A4 "New Friary – Second Residential Floor"; dated October 2, 2012
- A5 "New Friary – Third Residential Floor"; dated October 2, 2012
- A6 "New Friary – Schematic Design: South & North Elevations"; dated October 2, 2012
- A7 "New Friary – Schematic Design: Section through building"; dated October 2, 2012
- Application Package, including Long Form EAF, Part 1, dated October 4, 2012
- Narrative, describing existing and proposed use
- Wetlands Delineation & Natural Resources Assessment, prepared by Stephen Coleman, dated July 19, 2007

The application relates to improvement proposed to the Friars of the Atonement religious site along NYS Route 9 & Old West Point Road in Garrison. The specific improvements, in summary, concern:

- Demolishment of an existing 21,750 sf friary
- Construction of a new 29,270 sf friary, in approximately the same location
- Related infrastructure improvements for parking, drainage and emergency vehicle access to the site

The subject parcel on which development is planned comprises 112.8 acres along the east side of NYS Route 9. Overall, the Graymoor property holdings encompass 428 contiguous acres. The property currently houses the society's corporate, administrative office and ministry operations. The application indicates that approximately one-third of the site is actively used, with the balance of the site un-developed. The parcel is zoned "Institutional Conservation" (IC). The application will require both "Special Use" Permit and Site Plan Approvals.

RE: Graymoor – New Friary; Old West Point Road

Based upon the information contained on the site plan drawings, it appears that all demolition and new construction will take place within previously-developed areas of the site. The property includes both steep slopes and town-regulated wetlands. While no wetlands or buffer areas are proposed to be disturbed by the development planned, some disturbances of steep slopes will occur. Further, the parcel lies within "Scenic" and "Ridge Line Protection" overlay zones. These specific slope disturbances, as well as visibility of the new Friary, must be quantified as the project is processed by the Board.

A pre-application meeting was held with the applicant on June 15, 2012. As the Board has not yet conducted any detailed review of the proposal, we wish to offer the following preliminary comments on the matter. The applicant should recognize that as the project design elements are refined through the Board's review process, further comments will be forthcoming. It is also recognized that many of the issues raised below may not actually be resolved until later in the review process. However, we wish to make this initial assessment as detailed as the present design information permits, to assist the design professionals as much as possible.

In this context, we offer the following:

PRELIMINARY CONSIDERATIONS – Pursuant to the terms of the new Ordinance, the Board should first accomplish the following:

1. ***Classification of the Project*** – As the project exceeds one or more of the thresholds established in §175-63, the project should be deemed as a "Major" project, with the application processed under the procedures and requirements of §175-65 and §175-66.
2. ***"Completeness" of Application*** – Upon classification of the project as "Major", initially the applicant is required to have a preliminary conference with the Planning Board to discuss the development proposal and determine information required to be submitted.

The October 12, 2012 Board meeting may serve for this purpose, to allow the Board to offer initial comments to the applicant on the application.

Further, it is noted that the Town Building Inspector has issued a "No Violations" letter to the Planning Board, for your use in processing the application. Therefore, based upon my review of the application, it appears that the level of detail contained on the supporting plans and technical materials are sufficient for the Board to deem the application as "complete".

It is also noted that the 17% "impervious surface coverage" exceeds the 10% maximum specified for the IC zone, as is the "height" limitation (of 40 feet) exceeded. Since these are "pre-existing" conditions, the Board's Attorney should merely confirm that the application can be processed by the Planning Board without any relief from the Zoning Board of Appeals. Otherwise, referral to the ZBA will be required.

SEQR – The project appears to represent an "Unlisted" action pursuant to SEQR. Given the project's classification as "Major", a long form Environmental Assessment Form has been filed as part of the application.

REFERRALS – Once the application is deemed "complete", the project should be referred to the following agencies:

- Putnam County Department of Planning (proximity to NYS Route 9)
- Putnam County Health Department
- Philipstown Conservation Board

Ronald J. Gainer, P.E. PLLC

RE: Graymoor – New Friary; Old West Point Road

PRELIMINARY TECHNICAL CONCERNS – While this meeting represents the applicant's initial appearance before the Board, to assist their design professionals as the technical aspects of the project are enhanced, we have enclosed preliminary technical comments for their review and attention. It should be recognized that more detailed comments may be expected as the Site Plan drawings are refined.

Given the preliminary nature of the application, we strongly recommend that the Board initially conduct a site inspection of the overall site and specific area proposed for development, in order to evaluate site-specific issues and potential environmental concerns of the development proposal. Thereafter, the applicant should refine the project plans as necessary in order to resolve the Board's field comments and technical concerns of the Board's consultants.

Once the Board is satisfied with the project's layout and design details, a public hearing (which is mandatory for "Major" projects) could subsequently be considered.

We trust that these preliminary comments are adequate for the Board and applicant's consultant. Should you have any questions, please don't hesitate to contact us.

c: Roger Chirico, Highway Superintendent
Kevin Donohue, Code Enforcement Officer
Stephen Gaba, Esq.
Applicant

Ronald J. Gainer, P.E. PLLC

RE: Graymoor – New Friary; Old West Point Road

Preliminary Technical Comments

Badey & Watson Plans

General

1. The extent of disturbances to occur to the various regulated steep slope categories should be determined.
2. Since the project lies within a “ridgeline protection” overlay zone, the project’s visibility to off-site receptors should be established.
3. Any expected change in resident population should be established, and an analysis of the capacities of the existing water supply and wastewater disposal systems provided to determine whether any improvements to these utilities will be necessary.
4. The area of overall site disturbance, as well as the extent of “new” impervious surfaces, should be specified on plan, so as to establish the technical elements required in the SWPPP which must be developed for the project.

Sheet 4

5. Any new drainage facilities proposed are expected to incorporate all necessary detail information (frame/grate and invert elevations). Further, a stormwater management report should be provided to document existing and proposed drainage patterns and stormwater run-off, and identify any appropriate mitigation required.

Sheet 5

6. The purpose of the re-grading which is indicated to the south of the site development planned should be explained.

Sheet 7

7. The number and size of plantings should be specified in the table.

Sheets 8 & 9

8. Various construction details provided are lacking necessary technical information/data. We propose to work directly with the design consultant to resolve these issues.

Alfandre Architecture PC Plans

9. The building renderings should clearly denote all building materials of construction, colors, etc. for the Board’s review and acceptance.

RE: 7 Garrison Landing - Request to Revise Resolution PB#1-12

Dear Mr. Leonard:

This letter is our formal request that the Planning Board revise/correct the captioned resolution by adding approval/issuance of the Wetlands Permit that was also part of the application. We are certain that this omission was an oversight and one we did not catch until recently as we were checking to be certain all of the conditions of the resolution were addressed or being addressed.

In support, we attach the portions of the following documents showing that an application for the permit was submitted with the application for site plan approval and that the matter was referred to the CAC (now CAB), although it appears from the resolution that the CAC did not comment.

- ❑ Application for Site Plan Approval dated January 4, 2012, showing date of application
- ❑ Application for Wetlands Permit dated January 5, 2012, showing date of application
- ❑ Memo from Ron Gainer dated January 19, 2012, acknowledging the Wetlands Permit application
- ❑ Resolution PB#12, dated March 15, 2012, indicating that referral to CAC had been made.

Owners of the records of:

♦ Joseph S. Agnoli ♦ Barger & Hustis ♦ Burgess & Behr ♦ Roy Burgess ♦ Vincent Burrano ♦ Hudson Valley Engineering Company ♦ G. Radcliff Hustis ♦
♦ Peter R. Hustis ♦ J. Wilbur Irish ♦ James W. Irish, Jr. ♦ Douglas A. Merritt ♦ E.B. Moebus ♦ Reynolds & Chase ♦ General Jacob Schofield ♦
♦ Sidney Schofield ♦ Allan Smith ♦ Taconic Surveying and Engineering ♦ D. Walcutt ♦

Members will undoubtedly remember that a previous site plan approval and wetlands permit were issued for this site. This earlier approval was for modification to of the site and building for office space. The current site plan requires a little more site work than the earlier plan. This additional disturbance, in our view, required a new wetlands permit, which is why we applied for it.

Please place this request on the agenda for the Planning Board meeting scheduled for November 15, 2012, at which time we are hopeful that the Planning Board will issue a revised resolution and the requested wetlands permit.

As always, thank you for your consideration.

Yours truly,

BADEY & WATSON,

Surveying & Engineering, P.C.

Pursuant to Chapter 93 of the Code of the Town of Philipstown, entitled "Freshwater Wetlands and Watercourse Law of the Town of Philipstown" (Wetlands Law), the undersigned hereby applies for a Wetlands Permit to conduct a regulated activity in a controlled area.

1. Owner; Name: Garrison Station Plaza, Inc.

Address: P.O. Box 205

Telephone: (914) 262-2156

2. Agent Name: Garrison Properties, LLC (applicant)
(Applicant must be owner of the land The Application may be managed by an authorized agent of such person possessing a notarized letter of consent from the owner.)

Name of Agent Garrison Properties, LLC

If Corporation, give names of officers:

Sharon Saul Davis (President), Christopher Davis (Vice-President) and
Chip Allemann (Vice-President)

Mailing Address 2015 Route 9 Garrison, New York 10524

Telephone: (845) 424-3604

3. Location of Proposed Activity:
7 Garrison Landing, Garrison

Tax Map No.: 60.17-1-7

Acreage of Controlled Area Affected: 0.190

4. Type of Activity: (See list of regulated activities)

Exterior renovation of existing multi-use structure. Construction of new, and rehab. of existing impervious surfaces (hardscape). Installation of a new wastewater treatment system.

5. Other permit(s) required and agency or agencies responsible for granting such permits such as but not limited to P.C.B.O.H., N.Y.D.E.C., Army core of Engineers, EPA, DOT, Building Dept. Planning Board and Z.B.A.

Town of Philipstown Planning Board - Site Plan, Putnam County Department of Health -
On-Site Wastewater Treatment Plant, New York State Department of Environmental
Conservation - Surface Discharge and Stream Disturbance Permits

6. Each copy of this application shall be accompanied by:

a. A detailed description of the proposed activity and a comparison of the activity to the criteria for approval specified in §93-8 of the Wetlands Law (see below)

b. A completed short form environmental assessment form.

c. A map prepared by a licensed surveyor landscape architect or engineer showing:

1. The controlled area(s) wetland buffer zone 100 feet from the edge of any wetlands, lakes, ponds or streams on the site;

2. Any wetland or watercourse therein and the location thereof;

3. The location, extent, and nature of the proposed activity

D. The names of claimants of water rights in the wetland or watercourse of whom the applicant has record notice and the names and address of all owners of record of properties abutting and directly across from the proposed activity as shown on the latest tax record.

(Note: Any map, plat or plan showing the above information that is required to be submitted for any other permit or approval in connection with the regulated activity, and that is acceptable to the Permitting Authority, may be used.)

TO: Town of Philipstown Planning Board DATE: January 19, 2012
FROM: Ronald J. Gainer, PE SUBJ: Garrison Properties LLC; Station Road

Project Scope: Proposed Site Plan
Zoning District: "HM" (Hamlet Mixed use District)

We have reviewed the Site Plan prepared by Badey & Watson, P.C. concerning a proposed mixed use development comprising 2 apartments, retail sales and a restaurant of the former Guinan's Store in Garrison. The existing structure lies on a 6.674 acre parcel, and will be renovated as part of this application. A new on-site wastewater treatment facility is proposed, which will involve a surface discharge.

The property lies along the easterly shore of the Hudson River, and is within the 100 year flood boundary. By way of background, the site previously was granted Site Plan approval by the Planning Board in October, 2010 for office/apartment uses in the premises. During this review, the New York State Office of Parks, Recreation and Historic Preservation (NYSOPRHP) offered recommendations as the exterior renovations proposed at that time. This latest application is governed by the Town's new Zoning Ordinance.

As the Board has not yet conducted any detailed review of the proposal, we wish to offer the following preliminary comments on the matter. The applicant should recognize that as the project design elements are refined through the Board's review process, further comments will be forthcoming. It is also recognized that many of the issues raised below may not actually be resolved until later in the review process. However, we wish to make this initial assessment as detailed as the present design information permits, to assist the design professional as much as possible. In this context, we offer the following:

PRELIMINARY CONSIDERATIONS – Pursuant to the terms of the new Ordinance, the Board should first accomplish the following:

1. ***Classification of the Project*** – As the project does not appear to exceed any of the thresholds established in the new Zoning Law, the project may be deemed as a "Minor" project, and so the application can be processed under the procedures and requirements of §175-67.
2. ***"Completeness" of Application*** – The January 19, 2012 Board meeting offers the Board an ability to offer their initial comments on the application.

Initially, the applicant should provide to the Board documentation as to the site's authorization and ability to utilize on-street parking along Station Road to satisfy their parking requirements. A review of the project's water demands and wastewater generation should also be provided.

Further, following the procedures established by the new Zoning Code, it is suggested that the applicant meet with the Zoning Administrator and Town Engineer to discuss the overall application package and whether any needed plan refinements are necessary. In this way, the plans can be revised, and a complete application can be developed so that it may then be processed by the Board. We therefore suggest that "Completeness" not be established until this meeting with the Town's Zoning Administrator.

RE: Garrison Properties, LLC – Site Plan

SEQR – The project appears to represent an “Unlisted” action pursuant to SEQR. The applicant has filed a long form Parts 1 & 2 Environmental Assessment Form, for the Board’s review. There are matters on Part 2 of the form which appear to warrant revision. We propose to work directly with the applicant’s consultant to have these addressed, and a new Part 2 filed for the Board’s consideration.

Since this is an “Unlisted” action procedurally the Board has the discretion of whether or not to conduct a coordinated review. If the Board chooses to perform a coordinated environmental review they should initially declare their intent to become Lead Agency and notify other involved agencies. After 30 days has elapsed, the Board may then consider making a SEQRA Declaration of Significance. However, if a non-coordinated review is decided, the Board can make a SEQRA Declaration as soon as they believe they have all of the information required to arrive at this decision.

REFERRALS- Once the application is deemed complete, the project should be referred to the following agencies:

- Putnam County Department of Planning
- Town of Philipstown CAC (wetlands permit required)
- NYSOPRHP
- Putnam County Department of Health

Given that this is the Board’s first opportunity to discuss the application, we suggest that the Board initially determine whether a site inspection of the proposal should be conducted to evaluate site-specific issues and potential environmental concerns. Thereafter, once the Board’s field comments are resolved, and the Board is satisfied with their understanding of the project, the Board should determine whether a public hearing should be held (which is discretionary for “Minor” projects).

We trust that these preliminary comments are adequate for the Board and applicant’s consultant. Should you have any questions, please don’t hesitate to contact us.

PHILIPSTOWN PLANNING BOARD

TOWN OF PHILIPSTOWN, NEW YORK

RESOLUTION # 1-12 Garrison Properties, LLC. 6.674 Acres of Land located on Station Road. Tax Map # 60.17-1-7.

WHEREAS, Garrison Properties, LLC is the owner of a parcel located on Station Road in the "HM" Zoning District; and

WHEREAS, an application was made to the Planning Board of the Town of Philipstown by Garrison Properties, LLC for Site Plan approval of a change in use of the property from office/apartment uses to a proposed mixed use development comprising 2 apartments, retail sales and a restaurant of the former Guinan's Store in Garrison, including building renovations and associated site improvements involving construction of a formal sewage treatment plant for the premises, which will involve a surface discharge; and

WHEREAS, the Planning Board has completed SEQRA review for this project; and

WHEREAS, a duly advertised public hearing on the application has been held; and

WHEREAS, referral of the application to the New York State Office of Parks, Recreation and Historic Preservation (NYSOPRHP) was performed pursuant to the Board's environmental review of the project, with NYSOPRHP issuing a notice of "No Adverse Impacts", having no concerns to the change in use and building renovations being proposed; and

WHEREAS, referral of the application pursuant to GML §239-m has been duly made to the Putnam County Planning Department, which has responded with approval of the project; and

WHEREAS, referral of the application was duly made to the Town Conservation Advisory Committee, and which offered no concerns to the project; and

WHEREAS, the Planning Board has carefully considered all of the comments raised by the public, the Board's consultants, and other interested agencies, organizations and officials; and

WHEREAS, the applicant has submitted the following materials for consideration:

Author	Title	Last Revision Date
Badey & Watson, PC	Site Plan	January 5, 2012
Badey & Watson, PC	Sewage Treatment Plant	
Jeff Wilkinson, RA	Sketch views, building renovations & colored renderings	

WHEREAS, the Site Plan drawings have been revised to address prior concerns of the Board and Town Engineer's office; and

WHEREAS, the Town Planning Board has been duly authorized to grant Site Plan approval for property located within the Town; and

WHEREAS, appropriate application fees have been received by the Town;

NOW, THEREFORE, BE IT RESOLVED, that:

Site Plan Approval:

- 1) The Planning Board finds that the applicant has met the requirements of Town of Philipstown Chapter 175 for granting of site plan approval; and
- 2) The Planning Board hereby grants Site Plan approval of the improvements depicted on the plans listed above subject to the following conditions:
 - A. Receipt of the approval of the Putnam County Department of Health and New York State Department of Environmental Conservation for the Sewage Treatment Plant proposed to serve the premises.
 - B. Provision of an erosion/sediment control plan conforming to applicable NYS and Town Stormwater Pollution Prevention Plan (SWPPP) requirements, and including all necessary construction details required therein, acceptable to the Town Engineer.
 - C. Receipt of all required regulatory permits for the intended Sewage Treatment Plant discharge to the Hudson River.
 - D. Receipt of a letter from the Town Zoning Administrator confirming that there are no outstanding violations on the property.
 - E. Receipt of written documentation from the owner of the Station Road R.O.W, that the on-street parking shown on the site plan shall be assigned exclusively for the use of the Garrison Properties LLC site.
 - F. Payment of all outstanding fees for review and approval of this application.
- 3) The Chairman is authorized as officer of the Planning Board to endorse the site plans when Conditions A through F has been met.
- 4) This conditional Site Plan approval shall expire in one year from the date of this resolution, unless such improvements shall have been certified as completed.

Adopted at a meeting of the Philipstown Planning Board on March 15, 2012.
