Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information

Name of Action or Project:

Arnaud & Santelises - Minor Site Plan Approval

Project Location (describe, and attach a location map):

5 Juniper Hill Road, Garrison (see map provided)

Brief Description of Proposed Action:

Redevelopment of a residential property with an existing dwelling, sewage disposal system, well and driveway. The house shall be razed, the sewage disposal system and well shall be decommissioned, and the driveway shall remain as-is. The new 4,700 sq. ft. (approx.) single-family residence shall be constructed over the existing house location and currently developed portions of the property. A new current-code septic system shall be constructed, and a new potable water well shall be drilled. A zero-edge pool shall be constructed along the existing site retaining wall (to be removed), so the proposed site development is no further down the slope than the current conditions. A detached 2-car garage shall be constructed at the end of the existing gravel driveway, adding approximately 900 sq. ft of gravel parking surface.

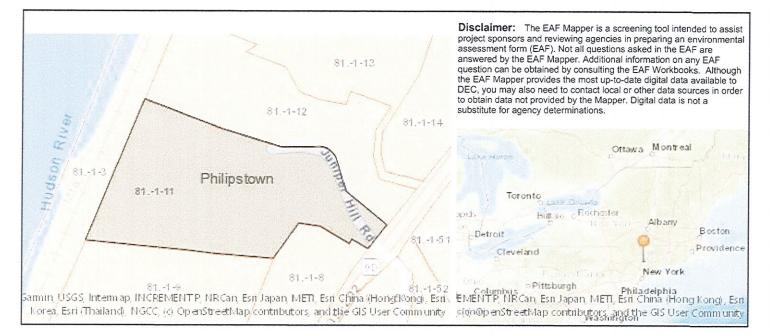

This project is a Type II Action.
