RE: Application of CRS International

Dear Mr. Zuckerman and Members of the Planning Board:

On behalf of our client, CRS International, we respectfully request a 6-month extension of its Site Plan approval.

We are working on fulfilling the requirements of the Planning Board Resolution # 21-2 dated January 21, 2021, which was extended by resolution during the September 2021 meeting. However, due to the ongoing Covid 19 pandemic it has been taking longer than usual to get through the various County and State agency approval processes due to delayed responses. Both the NYSDOT and PCDOH approvals are imminent, but may not be finalized by the 21th of January when the approval is set to expire.

Please place this matter on the agenda for the January 2022 meeting of the Planning Board.

Thank you for your time and consideration of this project.

Yours truly,
BADEY & WATSON,
Surveying & Engineering, P.C.
