20:11:53 From Jan Cucchiarella to Hosts and panelists : Thank you!

20:19:00 From Mary Ann Coleman to Hosts and panelists : The panel is engaged, except for Neal. Not good.

20:19:28 From Jonathan DeGraw : Will there be time allotted for members of the community that wish to speak but were not on the list previously? Will there be an open forum or opportunity during open meetings to discuss in the future?

20:20:45 From Jodi Balkan : Do we "raise our hand" on zoom to get on list to speak?

20:21:46 From Pat & Kat Downing : I'm not already on the list and would also like to request to speak, thanks

20:22:05 From Suzanne Pearse to Hosts and panelists : Thank you Chairman

20:27:56 From CHERYL ROCKETT to Sammer Osman and all panelists : I see your hand raised, just keep that up. we are going down the list after we get to those who didn't speak but wanted to last time. thank you

20:31:14 From Carol Marquand to Hosts and panelists : I believe the traffic figures for a Saturday are at 91% capacity in EAF. And we used to have full capacity theatre in the tent and more in August. This is supposed to be designed for maximum load

20:37:21 From Christine Foertsch to Hosts and panelists : I am on zoom this time. Mike McKee

20:39:57 From Jodi Balkan : Cheryl, please assure us on zoom that we are being put on a list to speak

20:55:42 From Carol Marquand to Hosts and panelists : what is he talking about?

20:56:52 From Mary Ann Coleman to Hosts and panelists : Who is this person? He isn't a local. He is delusional.

20:58:16 From Jodi Balkan to Hosts and panelists : can you assure the people on the chat that we are being put on the list to speak?

20:58:22 From Mary Ann Coleman to Hosts and panelists : How does this project support our tax base?

21:00:41 From Mary Ann Coleman to Hosts and panelists : A degraded piece of property?

21:08:23 From CHERYL ROCKETT to Suzanne Murray and all panelists : OK, thanks Suzanne, will make sure you are on the list on Zoom now. thank you

21:17:24 From vit horejs : I understand the concern of immediate neighbors--the immediate neighbors of Boscobel have lived with Shakespear Festival for many years, so sorry it's your turn. Two dozen people will be immediately impacted. Or 4 dozen. Less traffic on 9 D more traffic on 9...

21:19:19 From vit horejs : Taxes: already HVSF has secured millions in grants to be spent in our neighborhood.

21:20:38 From vit horejs : Groundwater: the golf course was using millions of gallons to irrigate their lawns, adding tons of chemicals to it to seep into our granwater.

21:20:43 From Christine Foertsch to Hosts and panelists : Why have I never seen all this concern about the environment when this monster golf course has been soaking up water and resources for years? Is the argument that the golf course is less environmentally impacting than the Shakespeare plan?

21:22:12 From Jodi Balkan : Hey Vit, why should any of us have to be inconvenienced for a Shakespeare festival? Our quality of life is much more important than a show in our backyard.

21:22:45 From Jodi Balkan : And hvsf at Boscobel was 3 months of the year and not all year round

21:23:50 From Jodi Balkan : and it's not golf verses Shakespeare. golf is done.

21:24:14 From Bonnie Stein : hmm. Jodi Balkan. It's not just a show in a backyard. it's a world class set of performances, educational programs for our kids, and an incredible use of the space. I think its our best use of the space; and incredible gift.

21:24:56 From John Plummer : Chairman Zuckerman has respectfully asked that we use the chat only to ask to speak, not to argue back and

forth.

21:25:30 From Celia Barbour to Hosts and panelists : Thank you John!

21:25:38 From Pat & Kat Downing : Are we able to speak tonight if not already on the list from the previous meeting?

21:26:01 From Celia Barbour : Thank you John!

21:26:49 From PATRICIA BERWALD : This speaker is honoring all of our concerns and worries. In fact, as an environmental lawyer, is confirming the concerns of the immediate neighbors to the Garrison. When will the HVSF and the Planning Board answer the issues raised by this professional.

21:27:14 From Bonnie Stein : thank you John. And yes. I agree. Chair Zuckerman is doing a great job. thanks to all

21:27:33 From Christine Foertsch to Hosts and panelists : apologies- thanks John, wasn't aware of that request
